

Workshop on Structure and Function of Biomolecules

May 13 – 15, 2004, Będlewo near Poznań, Poland

Organizer: Institute of Physics, Polish Academy of Sciences, Warsaw, Poland

Sponsored by the European Union *via*

“ASPECT” - Center of Excellence of Advanced Spectroscopy: Applications in Physics, Materials Science, Biology and Environmental Protection

Workshop's topics:

- Theoretical models of protein structure and protein folding
- Experimental methods in protein structure and folding
- Practical aspects of protein folding/unfolding
- Protein function and protein aggregation

Division of
Physics in
Life Sciences

Advisory Board:

Peter G. Fajer, NHMFL/FSU, Tallahassee, FL, USA
 Mariusz Jaskólski, Institute of Bioorganic Chemistry, Poznań, Poland
 Chris Johnson, Cambridge, Great Britain
 Kevin Plaxco, UC Santa Barbara, CA, US
 Charles P. Scholes, SUNY at Albany, NY, USA
 Ryszard Stolarski, Warsaw University, Poland
 Tamas Vicsek, Eötvös Loránd University, Budapest, Hungary

Invited Speakers:

Jan Antosiewicz, Warsaw University, Warsaw, Poland
 Jayanth R. Banavar, Penn State University, USA
 Fabrizio Chiti, Dipartimento di Scienze Biochimiche, University of Firenze, Italy
 Jane Clarke, Cambridge, Great Britain
 Peter Csermely, Semmelweis University, Budapest, Hungary
 Edward Darzynkiewicz, Warsaw University, Poland
 Peter G. Fajer, NHMFL/FSU, Tallahassee, FL, USA
 László Forró, Ecole Polytechnique, Lausanne, Switzerland
 Erwin Frey, Hahn-Meitner-Institut, Berlin, Germany
 Adam Gadomski, Institute of Mathematics and Physics, Bydgoszcz, Poland
 Oxana V. Galzitskaya, Institute of Protein Research, Pushchino, Russia
 Andrea Giansanti, Dipartimento di Fisica, Roma, Italy
 Stephen Hagen, University of Florida, Gainesville, USA
 Ulrich Hansmann, Michigan Technical University, USA
 Anders Irbäck, University of Lund, Sweden
 Mariusz Jaskólski, Institute of Bioorganic Chemistry, PAS, Poznań, Poland
 Thomas Kiefhaber, Dept. of Biophysical Chemistry, Basel University, Switzerland
 Małgorzata Lekka, Institute of Nuclear Physics, PAS, Krakow, Poland
 Per-Anker Lindgård, Risoe National Laboratory, Roskilde, Denmark
 Amos Maritan, SISSA/ISAS, Trieste, Italy
 Piotr Marszałek, Duke University, USA
 Cristian Micheletti, SISSA/ICTP, Trieste, Italy
 Mikael Oliveberg, Umeå University, Umeå, Sweden
 Annalisa Pastore, National Institute for Medicine Research, London, Great Britain
 Kevin Plaxco, UC Santa Barbara, CA, USA
 Charles P. Scholes, SUNY at Albany, NY, USA
 Michał M. Sikorski, Institute of Bioorganic Chemistry, PAS, Poznań, Poland
 Deva Thirumalai, University of Maryland, MD, USA
 Michele Vendruscolo, Cambridge, Great Britain

Workshop's Deadlines for Abstracts and Registration: February 1st, 2004
